**Subject:** 5-minute companion video - about the creosote site in Turkey Creek (MS)  
**Date:** Wednesday, April 23, 2014 12:31:49 PM

---

There is a 5-minute video about the creosote site (& its ongoing cleanup) in Turkey Creek. The title of the video is "Toxic Legacy." It is currently available for viewing on the ITVS website (<http://itvs.org/videos> ). It is a companion video to the film "Come Hell or High Water: The Battle for Turkey Creek".
